- Take the official Cambridge Exam at ILSC—and partner with a classmate for the speaking test!

### PROGRAM DESCRIPTION

The ILSC **Cambridge Mastery Program** will prepare and motivate you towards the Cambridge Main Suite Exams (FCE, CAE, CPE, BEC). Owing to their high standards and strict regulations, the Cambridge exams are widely recognized in commerce and industry. These certificates also fulfill English requirements for entrance to many universities, colleges, and other institutions of further education.

The aim of the Cambridge examination curriculum is to achieve clarity in communication. The exams test wholelanguage: that is, your ability to use, produce, and analyze the English language. You'll be required to demonstrate proficiency in written and spoken English.

The **Cambridge Mastery Program** is structured towards the official examination. The course is designed to maximize use of materials and practice opportunities. Your abilities are evaluated at the beginning of the course, and weekly tests measure your progress in specific skills.

### PROGRAM SCHEDULE

You study with the same teacher and classmates for the entire program. This helps you build your skills step-by-step to achieve a good result on the exam.

Settle in by the campfire for the evening and look for the Northern Lights.

## DAY 4 JASPER TO BANFF

*I found the classes most informative and useful. My teachers were well-prepared, professional and helpful. Most important for me, and for all my fellow students really, was the way in which we were encouraged and stimulated to speak French and not just listen passively. By the time I left Montréal, I felt that I had definitely benefited from my experience at ILSC.*

### PROGRAM DESCRIPTION

Focus on a blend of leadership and environmental topics. What can one person do? What can awareness bring us? How can we work together as a team to make change happen? In this course students challenge themselves to discuss and reflect on the environmental issues current on the North West Coast of Canada as well as some of the pro-active policies put into place to maintain eco-diversity and build upon green initiatives. Students will learn vocabulary, expand listening and fluency skills, prepare, write and deliver presentations and expand their overall English language skills. Content-rich learning is both engaging and challenging, and to be successful, students must come prepared to discuss, share opinions and present ideas.

In the Green Leadership course, we discussed a variety of different topics and I liked that we did some excursions to see these things with our own eyes. We talked about ecosystems, the Enbridge pipeline, the protection of First Nations' lands, and some important international agreements like the Montréal protocol. We got to see a First Nations protest, Burns Bog, and to visit a recycling station. During the conversation with other students I learned a lot about what is going on in their home countries. I realized what could be done to protect the environment.

## BILINGUAL PROGRAM

A hotbed of culture and creativity, Montréal is an irresistible mix of European chic, cutting-edge culture and unique urban vibe.

### MONTREAL

Duality lies at the heart of Montréal, expressed through its French-English history, centuries-old and modern-day architecture, and traditional and avant-garde styles. Montréal is where high-tech meets haute cuisine, where sleek skyscrapers and tiny boutiques nestle together, and where major international festivals and cool indie scenes happily co-exist and thrive.

### BILINGUAL CITY, BILINGUAL PEOPLE

Of course, it's the people—more than 3.7 million citizens representing 80 cultural groups—that give Montréal its legendary passion, joie de vivre and warmth. Montréal is the most bilingual metropolis in North America and the second largest French-speaking city in the world after Paris. Today, 53% of the population of Greater Montréal is bilingual (French and English) and 20% use a third language (in addition to French and English). Montréal consistently gets top rankings for university research in Canada – small wonder for a city with two French-language and two English-language universities!

### ILSC'S BILINGUAL PROGRAM

#### TWO OPTIONS

FRENCH CLASSES → ENGLISH HOMESTAY

ENGLISH CLASSES → FRENCH HOMESTAY

#### MORNINGS AND AFTERNOONS

##### ENGLISH OR FRENCH CLASSES (Full-time or Full-time Intensive Schedule)

You will participate in morning and afternoon classes in the second language of your choice (French or English), learning and practicing vocabulary, idioms, phrases and dialogues. Based on your language level assessment, you will be placed in one of eight different language level classes.

#### AFTERNOONS

##### OPTIONAL EXTRA-CURRICULAR ACTIVITIES (After 4 PM)

To meet other students at the school and to continue practicing both French and English, you can join extracurricular activities such as movies, street festivals, amusement parks, museums, restaurants and soccer matches.

#### HOMESTAY EVENINGS

##### THE BILINGUAL DIFFERENCE!

It's simple: if you have chosen to take French courses during the daytime, we will place you in an English homestay family, and if you have chosen English courses, we will place you in a French family! You will be surprised at how quickly your speaking will improve when immersed in an English or French family environment. You will make your way from homestay to school by Montréal public transportation.

*Mon expérience à ILSC-Montréal a été une des plus marquante dans ma vie. Si vous songez à une expérience de travail dans une autre langue (soit l'anglais ou le français), je suis sûr qu'il n'y en a pas de pareille. Après mon stage j'avais plus de confiance à rechercher un travail en France, un travail pour lequel je n'aurais jamais été embauché si je n'avais pas découvert la petite merveille qui s'appelle ILSC-Montréal.*

## DESCRIPTION DU PROGRAMME

À titre de participants au programme de stages (Volunteer Internship Program) à ILSC-Montréal, vous découvrirez un nouvel aspect stimulant de l'apprentissage de la langue française. Le programme de stages (Volunteer Internship Program) vous donnera l'occasion d'acquérir une expérience au sein d'une entreprise qui rejoint vos intérêts professionnels, et de mettre en pratique les notions linguistiques acquises pendant votre formation académique. Le département travaille en étroite collaboration avec la compagnie afin de s'assurer que les objectifs académiques poursuivis soient atteints. Depuis la création du programme en 1994, Volunteer Internship Program à ILSC est vite devenu un des programmes préférés et accueille désormais plus de 500 stagiaires-bénévoles par année, devenant un des programmes le plus réussi mondialement.

## LES ÉTUDES À TEMPS PLEIN

Pendant vos études à l'école, vous avez le droit de choisir parmi tous les cours disponibles : Préparation académique, cours préparatoire en examen (TOEFL, DELF, Cambridge, etc.), français des affaires, anglais des affaires etc. Certains cours de base sont requis surtout pour les étudiants qui n'ont aucune expérience professionnelle.

ILSC offre également une gamme d'ateliers qui vous permet de rester en contact avec vos collègues à l'école, et donne l'opportunité de vous informer et partager vos connaissances et préoccupations.

## LE STAGE

Vous devez nous identifier 3 domaines ou industries qui vous intéressent. Votre coordinatrice sera disponible pour vous offrir un support technique et vous conseiller judicieusement sur le marché de l'emploi au Québec et sur le programme des stages. Malgré nos efforts, il est très important que vous soyez flexible et ouvert à toutes vos options. Plus vous donnerez de détail, plus votre coordonnateur ou coordonnatrice sera en mesure de vous trouver une compagnie qui correspond bien à vos besoins et intérêts.

Vous devez être prêt à accepter une entreprise qui se trouve hors du centre-ville. Quelques choix populaires sont : Finances, Gestion d'événements,

Marketing, Organismes à but non-lucratif, Ressources humaines, Tourisme et Hôtellerie.

Le niveau de responsabilité et les genres de tâches dépendent des besoins de la compagnie, votre compétence linguistique, connaissance du domaine, la formation professionnelle et académique que vous possédez, ainsi que de l'attitude que vous apporterez à cette expérience.

Les stages vous donnent l'opportunité de vivre une expérience dans un milieu de travail canadien. Ceci exige que vous restiez professionnel(le) en tout temps et vous, vous comportiez d'une manière responsable, même s'il s'agit d'un stage non-rémunéré.
